“Into the Fire,” produced by Fireman's Fund Insurance Company, is an emotionally charged documentary that goes into the hearts and minds of firefighters.

Directed by Academy Award® winner Bill Couturié, the film features firefighters from across the country who tell stories of hope, loss and dedication — and the challenges they face in an environment of tightening budgets and increasing demands. The soundtrack features songs by leading musical artists, including Bruce Springsteen, Bob Dylan and Dire Straits.

Funds raised through showings and sales of “Into the Fire” will benefit firefighters and fire service organizations nationwide in association with the National Fallen Firefighters Foundation. To learn more about the film, visit www.firemansfund.com/heritage.

“Into the Fire” is part of the Fireman’s Fund HeritageSM program, Fireman’s Fund’s social mission to support firefighters for safer communities — and part of our continuing commitment to protect your homes, businesses and families.
